**Reference for Ms KOH Bee Leng, Sabrina**

I am pleased to provide reference for Ms Koh, in support of her application for CHSE-A with your Society.

I knew Ms Koh through Healthcare Simulation related activities since 2013, including attendance at the Asia Pacific Meeting for Simulation in Healthcare, Shanghai, 2013, where she was a co-Chair and speaker.

We worked together since January 2015 in the inaugural Executive Committee of the Society for Simulation in Healthcare Singapore (SSHS). She was voted to be the Vice President, and has since worked tirelessly to galvanize the community of Simulation Based Healthcare Educators in Singapore for the inauguration of this society. Through working together, I have seen her passion, drive, dedication and perseverance in promoting Simulation Based Healthcare Education (SBHE) in our community.

We have also worked together to organize the Simulation Essentials for Healthcare Educators (SEHE) Course. This is a 3-day course created locally to train instructors and course directors in delivering SBHE, organized under the auspices of the SSHS. Again, through working together, I have experienced her expertise in customizing the syllabus to local needs, and also her excellent instructional capabilities in SBHE. Two courses have been conducted in April 2016 and October 2016 respectively.

Please feel free to contact me should you require further information.

Regards.

Yours sincerely,

Dr LOO Shi  
Senior Consultant, Department of Anaesthesiology, Intensive Care and Pain Medicine  
Associate Professor, Yong Loo Lin School of Medicine National University of Singapore  
Medical Director (Nov 2011- Oct 2016), Core Faculty, Simulation and Integrated Medical Training  
Advancement Centre (SIMTAC). National Healthcare Group, Singapore.
